To finish off the crane and make it able to stand, gently pull the wings apart where they're folded. Then turn the crane upside down and gently pull the opposite corners apart to finish opening up the body. You can also try blowing into the hole on the bottom as you pull out the wings to make sure you're crane's body is puffed out.

The traditional paper crane is probably the most famous of all origami models. It's designed after the Japanese red-crowned crane. In Japanese mythology this crane is known as the "Honourable Lord Crane" and its wings carried souls up to heaven. The Japanese name for this model is "Orizuru" which simply means "Folded crane." "Ori" is the same "Ori" that you find in the ...
