Carolyn Laabs, Perceptions of moral integrity ...

Moral identity affects interpersonal relationships by guiding how people perceive and respond to feedback, evaluate others and select task partners and friends. Self-described principled participants (high scorers on the Integrity Scale) more strongly preferred principled prototypic others over expedient ones and believed it possible to be more principled in one's beliefs (Study 1), preferred evaluators who regarded them as principled over expedient (Study 2), had friends who saw them as ...

Integrity and identity: Moral identity differences and ...

Whereas the link between moral integrity threats and affirmations on the one hand and reparatory versus self-promoting tendencies on the other hand has been demonstrated across several domains and situations (e.g., Hofmann, Wisneski, Brandt & Skitka, 2014), still relatively little is known about the social monitoring process that is thought to occur in response to self-perceptions of moral integrity. In the present experiment we therefore examined whether changes in participants' moral ...

It is also important nurse educators promote the long-held ethical standards for nursing practice. The research conducted in the phases of this study is based on the following conceptual definitions of moral integrity and moral courage. Moral integrity is knowing what is right and what is wrong and doing right at all times even at personal cost (Laabs, 2007). Moral courage is “ acting ethically even in the presence of risk ” (Murray, 2010, p. 15). This understanding contributes to the ...
