Pharmako Gnosis - North Atlantic Books  
Plant Teachers and the Poison Path. Dale Pendell. A book review by GyruS / Posted 29 May 2008. A sprawling, splendid conclusion to this must-have trilogy. With all the plants and substances broadly termed “psychedelic” covered here, it’s inevitable that this part of Pendell’s immersive study pushes his fragmentary, elliptical style to its limits. At the same time (and again, typical of the allies at work here), hidden harmonies grow strong.
