Photography in Archaeology and Conservation (Cambridge ...

In this revised and updated edition of his 1989 book, Peter Dorrell provides a comprehensive guide to the uses of photography in archaeology. Drawing on thirty-five years of experience, he examines the use of photography in field archaeology, in surveys, in archaeological laboratories, and in conservation. He offers a clear and well-illustrated explanation of the techniques involved, with sections on equipment and materials, survey and site photography, architectural photography, the ...
