Physiology | Linda S. Costanzo | download

This physiology book by Linda costanzo is an amazing book with great explained concepts to each topic of physiology.

Physiology, E-Book with STUDENT CONSULT Online Access---

Costanzo ' s Physiology This book falls in the category of extensive review book. It is more detailed than a review book but less comprehensive than a full textbook. Interestingly, this book is the work of Linda Costanzo, which is also the author of the only review book to make this list, the BRS physiology review.

Best physiology books for medical students (2020 Review)---

I haven't read all of it, but it has really helped clear up CV, Pulm, Renal, and Acid-base physiology. It does the job. Not overly complicated, a bit redundant, but if you're not up for/don't have time for the GH, "Big Costanzo" is a winner.

Physiology with STUDENT CONSULT Online Access (Costanzo)---

Well-designed figures and tables provide handy visuals for procedures or physiologic equations, and step-by-step explanations clarify challenging concepts.

Physiology—6th Edition

I bought this book to supplement my classes and have learned an immense amount of information from it. Dr. Costanzo does an amazing job making you understand all human physiology and even sometimes briefly explains pathophysiology. I have read the book front to back and would HIGHLY recommend for any studie t studying human physiology.
