2010-12-06 00:00:00.0 Position Pieces for Cello by Rick Mooney. Excellent materials in each of the 4 books. Students "get" shifting in this progressive, thoroughly thought out manner. The ONLY problem is that the binding on Position Pieces Book 2 is cheap and the pages fall out very soon (!) The other 3 books do not have this problem.

Rick Mooney has published several great instructional books for cello, and this one is no exception. This book teaches 5th through 7th position in an intuitive and non-boring manner. The exercises build upon each other, and are well thought-out. My cello teacher also loves this book.
