Preparation and planning are a critical component of effective teaching. Lack thereof will lead to failure. If anything, every teacher should be over

prepared. Good teachers are almost in a continuous state of preparation and planning. They are always thinking about the next lesson.

Strategies for Teachers: Preparation and Planning

Pre-learning can introduce vocabulary, ideas and so on to help students hit the ground running. Pre-learning can set up the condition where the main lesson actually becomes a period of over-learning. The same cognitive and neural mechanisms that support over-learning during a lesson therefore also support the efficacy of pre-learning.
