Maths is all about problem solving, so knowing how to approach problem solving questions and apply what you 've learnt to different scenarios is key. Here are our tips.

GCSE Maths: How to Answer Problem Solving Questions

These problem solving starter packs are great to support students with problem solving skills. I've used them this year for two out of four lessons each week, then used Numeracy Ninjas as starters for the other two lessons. When I first introduced the booklets, I encouraged my students to use scaffolds like those mentioned here, then gradually weaned them off the scaffolds.
