Governance program that provides guidance and stewardship over the project ideation, selection, calibration, and execution processes while establishing policies and procedures to effectively manage the company's portfolio assets.

Principles of Execution, LLC - Project Management

Project execution is the stage of the project where everything your team has planned is put into action. Your team does everything it can to get projects off on the right foot. You host kick-off meetings to get all of the key players on the same page, map out detailed timelines, and collaborate with everybody on a project plan.
