Global Freight Cars Leasing Market Size, Status and ...

In the decades since the end of World War II, the business model has migrated from one where the large and the small railroads (Class 1 railways and the short line companies) began owning fewer and fewer freight cars. The ownership pattern shifted to either independent car leasing firms and/or to rail freight receivers or shippers.

Commentary: There are too many freight cars - FreightWaves

Default setting: RSI campaigns for leasing rates overhaul Thomure is referring to the current method used to establish the boxcar hire default rate, which RSI says is largely to blame for limited investment in general service boxcars during the past 30 years. The Staggers Rail Act of 1980 resulted in significant changes to the car hire system.
