RCEA, professional home for the Railway Civil Engineer
RCE Ltd are a nationwide railway infrastructure and civil engineering service provider. We deliver safe and sustainable solutions of all sizes across a variety of disciplines and complexities. We ensure the highest quality first time, every time.

RCE
A railway civil engineer specialises in the design, construction and operation of all types of railway systems, which may include main line, metro, light rail or high-speed rail. Engineers at work on the Western Region rail bridge replacement scheme.

Career profile: Railway civil engineering | Institution of ...
Railway engineering is an engineering discipline that deals with the design, construction and operation of railway systems. Its roots are in the early nineteenth century when the need for specialised engineers capable of dealing with the unique problems of the new railway systems emerged. Railway Engineers of Note

What is Railway Civil Engineering - RCEA
Rail Quinn Group operates a Rail division as an experienced railway civil engineering contractor offering a multi-disciplinary service to the rail market nationwide.

Civil Engineering, Construction, Rail and Utilities ...
Your studies will focus on core civil engineering as well as specialised study on railway infrastructure, including railway management and a railway design project. You will benefit from the expertise available in our Birmingham Centre for Railway Research and Education, which performs world-leading research in railway infrastructure, geotechnics, aerodynamics and risk management.

Civil and Railway Engineering BEng - University of Birmingham
Railway engineering is a multi-faceted engineering discipline dealing with the design, construction and operation of all types of rail transport systems. It encompasses a wide range of engineering disciplines, including civil engineering, computer engineering, electrical engineering, mechanical engineering, industrial engineering and production engineering. A great many other engineering sub-disciplines are also called upon.

Railway engineering - Wikipedia
Welcome To Kent Rail & Civil Engineering Kent Rail and Civil Engineering Limited were established in 2018 and through hard work and diligence we have seen considerable growth since our inception.

Home - Kent Rail and Civil Engineering
BPH Rail provide a one-stop solution for all civil engineering works involved with level crossings including all associated bases, polymer crossing panels, anti-trespass guards, under road crossings and turning chambers.

BPH Rail - BPH Rail
The Certificate in Rail Engineering Underpinning Knowledge is aimed at apprentices within the rail engineering industry. The NVQs are aimed at anyone working in railways engineering, including those preparing for a specialised role or management responsibility. Available to deliver in the following:

Railway Engineering qualifications and training courses ...
Civil Engineering was well represented throughout Railway Wonders of the World. Here is a complete list of articles covering engineering subjects, not covered by other topics, with links to the full articles.

Railway Wonders of the World - Civil Engineering
Railway engineering is a multi-faceted engineering discipline dealing with the design, construction and operation of all types of rail transport systems. It encompasses a wide range of engineering disciplines, including civil engineering, computer engineering, electrical engineering, mechanical engineering, industrial engineering and production engineering.

Railway Engineering Notes, Lectures, Articles and Research
R&W Rail We offer the same flexible civil engineering service to the rail industry that has made R&W successful in the highways sector. A number of our senior team members have joined R&W after spending many years working in the rail industry and they bring a wide range of knowledge and experience to this area.

R&W Rail - R&W Civil Engineering
In four rotational placements, you 'll gain vast experience of the railway through one of the largest asset bases in Britain. You 'll make a key contribution to some of our major engineering projects, such as the Great Western Programme, the Northern Powerhouse or the Digital Railway.

Civil Engineering Graduate scheme - Network Rail
LATEST RAIL ENGINEER NEWS. General Interest. Hatfield remembered, twenty years on. 16th October 2020. Twenty years ago, on 17 October 2000, a train derailed just south of Hatfield station while travelling at around 115mph. Four people died, 70 were injured.
