So what, exactly, is emotional reasoning? This term, meant to describe a particular type of cognitive distortion, was first employed in the 1970s by Aaron Beck, the founder of Cognitive Therapy ...

What is Emotional Reasoning ... - Psychology Today

Although it's a little dated now, Reason and Emotion in Psychotherapy provides an excellent overview of the early development of what is now known as Rational Emotive Behavior Therapy. The theory and practice of REBT evolved over the years since this book was written (and homosexuality is no longer seen as a disorder).

Reason and Emotion in Psychotherapy by Albert Ellis

Reason and emotion in psychotherapy. A rotating base supports a flash cube, the base is connected to a ratchet wheel which in turn engages a stopper, The stopper is moved out of engaging position with the ratchet wheel in response to movement of the pointer of an exposure meter when the meter indicates the necessity for flash light operation for proper exposure of the film.

Written for psychotherapists, it soon became one of the most important and most quoted books in the field. Although intended for professionals, it has since become a widely popular and indispensable self-help book.

Reason And Emotion In Psychotherapy

Emotion Focused Therapy, or EFT, is based on the idea that emotions are not the only important factors in our lives, but the key to who we are. The theory behind EFT posits that we construct our very selves based on emotion (Greenberg, 2004). This theory has a lot of backing from emotion researchers, but it also makes intuitive sense.
