Author Details

However if you

really want to

understand the

foundations of

"Digital

Communication" I

recommend the

book by Viterbi

and Omura -

McGrawhill

1979.No modern

Access PDF
Reference Of
book can match
the treatment in
this book. It is
a real master
piece for years
to come. All in
all Proakis does
a great job
given the
pressures to
include lots of
newer topics.
