Revolutionary Summer The Birth Of Riding briskly through the summer of 1776, he portrays the birth of independence as untidy, improvised, and at times, miraculous. This is a lucid and revelatory read for novices and buffs alike." -Tony Horwitz "The definitive book on the revolutionary events of the summer of 1776. Ellis's prose is characteristically seductive, his insights frequent, his sketches of people and events captivating, and his critical facility always alive...Another brilliantly told story,

Independence ...

In *Revolutionary Summer*, the eminent historian Joseph Ellis describes the events surrounding the birth of America during the summer of 1776 (loosely defined as May through October of that year). Ellis's stated aim is to treat the military and political events of the period in tandem, and he skillfully establishes that there were two different sets of goals at stake: George Washington's Continental Army considered independence an inevitability, while the Continental Congress considered it a ...
