A detailed check of the rig and every component that holds it up is a sensible precaution that's worth carrying out at least once a season, or before sailing any unfamiliar boat. A visual check won't reveal everything as hairline cracks invisible to the naked eye can cause stainless steel to fail, but it's a good place to start.

Rigging: basic rig checks and common problems - boats.com

Rigging the Outhaul (Pro): 4. The two booms are attached together by interlocking eye bolts Take the S hook and loop one end through the interlocking eye bolt that is attached to the lower boom (Figure 34). 5. Take the free end of the S hook and place it through the grommet in the tack of the sail. Using a pair of pliers, crimp the S hook

Rigging Manual - Sailboats.co.uk

3.3 - Rigging the Mast 3.4 - Stepping the Mast REMEMBER If you are rigging the Jib and Gennaker Packs, you need to read Sections 3.9 and 3.10 before stepping the mast Now the mast is ready to be put up in the boat, or 'stepped'. BEFORE PICKING UP THE MAST, CHECK THAT YOU ARE NOT IN THE VICINITY OF OVERHEAD POWER CABLES

Rigging Manual V2 - RS Sailing

For the ease of rigging and identification prior to stepping a mast, always lash the halyards to the mast before unstepping, ensuring they do not foul the operation of unstepping and stepping. Check that the sailing dinghy is stable when rigging a deck-stepped mast, preferably cradled in its trolley, trailer or stand.

Sailboat Rigging Guide and Instructions to Mast Stepping ...

3.11 - Rigging the mast e) 3.12 - Stepping the mast Lift the mast and sail over the mast plate on the deck. With the mast upright, lower the end through the mast plate ensuring that the retaining key is in line with the slot in the mast plate. When the mast is fully in, rotate it through 180 degrees so that the key is under the back of the plate.

Running Rigging. Last Updated on Wed, 19 Aug 2020 | Boat Sailing Guide. Jib Tack, Jib Halyards, and Jib Sheets. The jib tack requires to be of great strength, and is made indifferently, accordingly to the judgment of the person who has the fitting out of the yacht, of rope, chain, or flexible wire rope. Rope does very well in vessels under 40 tons, but wire is to be preferred, and it is found to stand better than chain.
