~~Corporate Governance and Risk‐Taking | Request PDF~~

Risk-taking drives corporations to push ahead and make steep gains. When risks pay off, profitability makes shareholders and stakeholders happy. Technology has created greater global interconnectivity, which is an asset for most businesses. Consequently, interconnectivity makes the perspective of risk-taking extremely complex.

~~Risk Management and Corporate Governance Relationship ...~~

Abstract. This paper evaluates the influence of corporate governance on the risk taking of Japanese firms. We find that family control and ownership concentration are associated with higher idiosyncratic risk, whereas bank control has the opposite consequence. Considering the link between idiosyncratic risk and firm performance, the results provide a rationale for the higher (lower) performance of family-controlled firms (bank-controlled firms).

Bank Governance, Regulation, and Risk Taking Luc Laeven, Ross Levine. NBER Working Paper No. 14113 Issued in June 2008 NBER Program(s):Corporate Finance, International Finance and Macroeconomics This paper conducts the first empirical assessment of theories concerning relationships among risk taking by banks, their ownership structures, and national bank regulations.

~~Bank Governance, Regulation, and Risk Taking~~

To evaluate the role of risk taking in the governance–performance relation, we hypothesize that bank control is associated with lower firm-specific risk while family control and ownership concentration are associated with higher firm-specific risk.

~~Corporate governance and risk-taking: Evidence from ...~~

corporate governance mechanisms, such as ownership structure, interact with national regulations in shaping the risk taking behavior of individual banks. This gap is surprising because standard agency theories suggest that ownership structure influences corporate risk taking (Jensen and Meckling, 1976; John, Litov, and Yeung, 2008).

~~Bank governance, regulation and risk taking~~

This chapter points out the determinants of managerial risk-taking, and corporate governance. The board of supervisors is a very important mechanism in governance. The size of the board of...
