Romans matched the Greeks in terms of culture, partly because of the Greeks who voluntarily or involuntarily fought in Rome. [citation needed] Greek cities like Ephesus or Athens flourished during the long era of peace more than ever. Though Greek, cities like Ephesus were not explicitly distinctive from Roman cities. Because of the general ...

Greco-Roman relations in classical antiquity - Wikipedia

The Roman consul Valerius led Rome in war against Veii in 476-475, which resulted in a complete Roman victory that would last nearly forty years. [5] During the peace, the Romans expanded their territory much to the chagrin of Veii, but the leaders of the Etruscan League bided their time for an opportune opening.

How Did the Romans Conquer the Etruscans? - DailyHistory.org

In the 1st century B.C., Rome's matchless armies consolidated control over the entire Mediterranean world, and Greece lay vanquished along with scores of other formerly independent lands—yet the Roman poet Horace saw something special in Greece when he wrote "Greece, the captive, made her savage victor captive."

Rome vs Greece: a little-known clash of empires

From the Greeks, the Romans borrowed or copied ideas on art, literature, religion and architecture. A prime example is in the pantheon of gods worshiped by Romans. With the exception of their names, the Greek gods and goddesses were the models used for the Roman pantheon of deities.

What Ideas Did the Romans Borrow From the Greeks?

This was a Greek-style phalanx which the Romans adapted. Formations were made based on military rank. The lines consisted of the least experienced men, the hastate, at the front followed by the principes and then the triarii, or the most experienced soldiers. ... A PDF of Greek Homosexuality is here. I pulled that quote from page 126. I pulled that quote from page 126. EDIT: I realize this answer is mostly about the Greeks when OP asked about the Romans, but from what I've heard the Romans had similar views on penis size as the Greeks, and Greek Homosexuality was the best academic source I could find ...

I've heard that the Ancient Romans saw large penises as a ...

Most Romans saw the Empire as good, and wanted it to last forever. Yes, even the Christians. That said, there were some minority groups that did not feel the same way. The best example passed down to us is the very legitimate complaints of the Jews. For the record, the Roman state created fertile ground for antisemitism as early as 135.

How did the Romans see themselves and their empire? - Quora

Did Ancient Greeks/Romans conceive of the Sun, the Moon, the planets and stars as actual places with geographical features, where you could hypothetically go and walk around? Lucian's True History comes to mind, but then, as it was a satirical work, I am not sure what conclusion one could arrive at from that.

Did Ancient Greeks/Romans conceive of the Sun, the Moon ...

Just as the Romans were often known as Greek imitators, the artists of the Renaissance took a big interest in ancient Greek and Roman art. Therefore, the Renaissance came to be known as an era of revival, one in which the influence of Greek and Roman art was seen in both art and architecture. Pieces such as the Palazzo Rucellai, David, and Birth of Venus are all noted for being composed of both Greek and Roman elements and styles.
