Saga Volume 3 builds on the previous story by introducing even more weird and whacky characters. In places it really reminds me of Lexx and other "out there" sci fi which is definitely no bad thing. Funny, sexy, menacing and just utterly brilliant.

The weirdness continues in the third volume of this excellent series. I must admit, I expected it to lose its dazzling nature after the first volume but none of its awesomeness has diminished. I have high hopes that it will remain persistently good unlike so many other comics that fluctuate in quality.

Saga Volume 3 | Back Issues

In this final volume of "The Forsyte Saga", Galsworthy writes about the lives and loves of the Cherrell family, cousins of the Forsytes.

The Forsyte Saga - Volume 3 (Maid in Waiting, Flowering...)

These are the last three books in the Forsyte Saga series (there are 9 books in all, 3 trilogies.) I don't think these last novels are quite as compelling as the others in the saga—the plots in seem very dated by now (the ...
