The SAM4s SPS-500 Series is made up of four different models. SPS-520F comes with a flat restaurant style keyboard with both a receipt and journal printer. SPS-520R comes with a raised keyboard designed for retail stores and features a receipt and journal printer. SPS-530F includes a flat keyboard for restaurants but features a single 3 1/8th" Thermal receipt printer or guest check printer rather than both a receipt and journal.

One of the unique features of the SAM4s SPS-500 series cash registers is that you can connect a windows keyboard to the cash register for programming. This little feature can save you a lot of time when you start programming your registers ALPHA for UPC's or menu items. Also you can use the keyboard to enter customer names when using the delivery feature of the SPS-500 series, which is made up of the following models.
