SAP Product and Solution Road Maps

The SAP Fiori product road map describes how the product capabilities are planned to progress over time. The road map provides information on the recent innovations, as well as planned innovations and a summary of future direction for the product.

SAP Product Road Maps

SAP road maps highlight innovations that may help you plan and implement your digital journey. They span products relevant to lines of business in your industry and explain how our innovations may add value to your business. In our road maps, you can learn about our innovations along four different timelines:

Until recently, SAP provided individual PDF-based road maps for each product and main industry to its customers. So if those running a big business with various products would need to look into multiple PDFs and cut and paste information into a company ' s software road map — one size fits all. With SAP Road Map Explorer, this all has changed.
