*Self-esteem and being YOU - Royal Borough of Kensington ...*

What is self-esteem? Self-esteem is how we value and perceive ourselves. It's based on our opinions and beliefs about ourselves, which can sometimes feel really difficult to change. Your self-esteem can affect whether you: like and value yourself as a person are able to make decisions and assert yourself

*Self-esteem - Mind*

Self care and self esteem are not selfish aims, they are your right. However, we all have responsibilities and need to spend time helping others too. To think only of yourself would be selfish but you deserve to have your needs met, and sometimes it is justified to put yourself first.

What is self-esteem? Self-esteem is how we value and perceive ourselves. It's based on our opinions and beliefs about ourselves, which can sometimes feel really difficult to change. Your self-esteem can affect whether you: like and value yourself as a person; are able to make decisions and assert yourself; recognise your strengths and positives

*About self-esteem | Mind, the mental health charity - help ...*

You probably have healthy self-esteem if you are more likely to: Avoid dwelling on past, negative experiences Express your needs Feel confident Have a positive outlook on life Say "no" when you want to See overall strengths and weaknesses and accept them

*What Is Self-Esteem? - Verywell Mind*

Self-esteem is the opinion we have of ourselves. When we have healthy self-esteem, we tend to feel positive about ourselves and about life in general. It makes us better able to deal with life's ups and downs. When our self-esteem is low, we tend to see ourselves and our life in a more negative and critical light.

*Raising low self-esteem - NHS*

Self-esteem is how you feel about yourself, or the opinion you have about yourself. Everyone has times when they feel a bit low or find it hard to believe in themselves. However, if this becomes a long-term situation, this can lead to problems, including mental health issues such as depression or anxiety.

Being valued for who you are. Receiving attention and care. The following family experiences, on the other hand, lead to low self-esteem: Being severely disciplined. Being screamed at and ordered around. Being disregarded. Being belittled and told you do everything wrong. Being given high but impossible expectations.

*How Family Impacts Self-Esteem - dummies*

Self-esteem is the opinion people have of themselves. If you have healthy self-esteem, you will no doubt feel positive about your abilities and have a sunnier approach to life, in general.

*8 ways to overcome low self-esteem - MSN*

Self-esteem is a similar concept to self-worth but with a small (although important) difference: self-esteem is what we think, feel, and believe about ourselves, while self-worth is the more global recognition that we are valuable human beings worthy of love (Hibbert, 2013).

*What is Self-Esteem? A Psychologist Explains [2020 Update]*

When you're in a low self-esteem cycle, it can be difficult to see outside of yourself. You become so focused on what your limitations are that you can't see the pain others might be experiencing. But when you actively seek out doing something kind for someone else or something good for your environment, your focus shifts.

*Self-Esteem and Being You - Anita Naik: | Foyles Bookstore*

Researchers have shown that a high self-esteem is associated with superior physical health, better psychological wellbeing, and more optimism and happiness. While a low self-esteem has been found to be related to anxiety, depression, and alcohol dependence. As the person with low self-esteem, what this does to you is quite damaging.
