Ceramics: chapter 5 Flashcards | Quizlet

Shoji Hamada was born in Tokyo in 1894. At the age of nineteen he started to study ceramics at Tokyo Technical College, and two years later spent some time touring Japan's traditional pottery sites. In 1918 he met Bernard Leach, and within a year the two men were working together at Abiko. In 1920 they both came to England and Hamada helped Leach build the climbing kiln for the St Ives Pottery.

Shoji Hamada - studio pottery

Hamada Sh?ji, (born Dec. 9, 1894, Kawasaki, Kanagawa prefecture, Japan—died Jan. 5, 1978, Mashiko), Japanese ceramist who revitalized pottery making in Mashiko, where ceramic arts had flourished in ancient times. Hamada was designated a Living National Treasure by the Japanese government in 1955. Hamada studied ceramics at the Tokyo Industrial College (now the Tokyo Institute of Technology) and was also associated with the Ky?to Ceramic Testing Institute.

Shoji Hamada Memorial Sankokan Museum. Founded in 1977, the Shoji Hamada Memorial Sankokan Museum is located at the home and workshop of Mingei folk art movement potter Shoji Hamada (1894-1978). Hamada was declared a Living National Treasure while working in Mashiko to promote the values of the "Hand-crafted art of ordinary people" (??????) movement.

Mashiko Pottery – THE KINDCRAFT

Shoji Hamada was a Japanese potter who largely influenced the Mingei folk-art movement in the twentieth-century. What I really like about Hamada's work is how clean and natural it feels. Although some of his work is rather angular I feels like it came from there earth. His shapes and glazes show some of the purest forms.

Shoji Hamada – Where Creativity Works

Nov 23, 2017 - In his Hamada Potter book Bernard Leach wrote; He quoted Hamada; "My glazes are not actually first class, but I sometimes think they are, depending upon the way I use them. I have come to think that the glazes are becoming my own personal possessions instead of borrowed things. I manage to get along with only five or six glazes.
