In the recent spate of philosophers' writing on legal ethics, most contend that lawyers' professional role exposes them to great risk of moral wrongdoing; and some even conclude that the role's demands inevitably corrupt lawyers' characters. In assessing their arguments, I take up three questions: (1) whether philosophers' training and experience give them authority to scold lawyers; (2) ...

In contrast, philosophy of law is interested in the general question: What is Law? This general question about the nature of law presupposes that law is a unique social-political phenomenon, with more or less universal characteristics that can be discerned through philosophical analysis.

~~The Nature of Law (Stanford Encyclopedia of Philosophy)~~

Philosophy of law, also called jurisprudence, branch of philosophy that investigates the nature of law, especially in its relation to human values, attitudes, practices, and political communities. Traditionally, philosophy of law proceeds by articulating and defending propositions about law that are general and abstract—i.e., that are true not of a specific legal system at a particular time ...
