The wicking action seals hard-to-reach leaks without the need for disassembling or removing parts. Designed specifically to target low pressure leaks in hoses, oil pans, differentials, transmission pans, fluid reservoirs as well as plastic, PVC and metal pipes, their connections and much more!. Eliminates the need for liquid additive sealers that can swell and foul internal seals.

[Permatex® Spray Sealant Leak Repair | Permatex](#)

With B & S engines it's a common event unfortunately. The \$3 seal on the crankshaft leaks and it will leak between the engine and generator head. It was suggested to me to try Valvoline Max Life HM first to see if that slows the leak eventually. Some years ago I worked at Lowe's and they had many B & S generators being returned due to this leak.
