Sociology of Crime (Criminology)

The sociological study of crime and delinquency has focused either on the social structural factors (e.g., poverty and social disorganization) believed to generate such behavior or on the arenas (e.g., family, school, and peer groups) in which socialization to conventional or criminal values and behavior are affected.

Juvenile Delinquency , Social Control
... - Sociology Guide

Delinquency, criminal behaviour, especially that carried out by a juvenile. Depending on the nation of origin, a juvenile becomes an adult anywhere between the ages of 15 to 18, although the age is sometimes lowered for murder and other serious crimes. Delinquency implies conduct that does not conform to the legal or moral standards of society; it usually applies only to acts that, if performed by an adult, would be termed criminal.

K.J. Moore, in International
Encyclopedia of the Social &
Behavioral Sciences, 2001.

Delinquency has been a social problem since the industrial revolution. There has been an ongoing debate within society and its institutions about the effectiveness of punishment, treatment, and rehabilitation as primary solutions to this social problem.
