2003, Hydrodynamic analysis of interceptors with computational fluid dynamics methods, In Proc ... 1977, A numerical method for the solution of the unsteady lifting problem of rectangular and elliptic ...

Hydrodynamics of High-Speed Marine Vehicles

However, the underlying mechanism is unknown. Here, we report structure-function characterization of DRM2-mediated methylation. An arginine finger from the catalytic loop intercalates into the ...

Substrate deformation regulates DRM2-mediated DNA methylation in plants

Chest physicians, pulmonologists, generalists, and nurse specialists providing care need clinical knowledge and skill, a patient-centered perspective, and understanding of the cost and reimbursement ...

Statement on Home Care for Patients with Respiratory Disorders

Before turning to the current dynamics, it is worth considering why the current securitisation ... on securing allies and access to ‘controlling third world stability’ (Clough 1992:55). In 1997, the ...

CHAPTER 1

The lack of full understanding of PA biosynthesis limits our ability to manipulate PA structures in plants to enhance nutritional value, organoleptic properties, forage quality, herbivore resistance, ...

Dual activity of anthocyanidin reductase supports the dominant plant proanthocyanidin extension unit pathway

By bringing them together, the intention is to see how, combined, they can help point the way towards possible solutions. Based on 1,115 interviews conducted over 6 years in the region, the book ...
