Solutions Step by Step: A
Substance Abuse Treatment
Manual. Stressing solutions
rather than pathology,
clients' strengths and their
strategies for past
successes rather than their
weaknesses or problems, this
team utilizes a solution-
building approach by
discovering and exploring
the ways substance abusers
heal themselves.

The equations section lets you solve an equation or system of equations. You can usually find the exact answer or, if necessary, a numerical answer to almost any accuracy you require.

The inequalities section lets you solve an inequality or a system of inequalities for a single variable. You can also plot inequalities in two variables.

Ontario Hydro, a large electrical utility in Canada experienced 42 worker deaths in the 10 year period from 1969 to 1978. After making significant and lasting changes in how the company did business in 20 vital areas, Ontario Hydro experienced just 4 worker deaths in an equivalent 10 year period from 1992 to 2001.

Chemical laboratories around the world generate solutions with a desired concentration on a daily basis. Step-by-step results are available for preparing solutions by employing stock solutions of higher concentration and the dilution formula or using the definition of molarity. In both cases, a general framework for solving these types of problems is provided via the Plan step.
