A guide to stage lighting Whatever the scale of a production - amateur or professional - lighting like other design processes is based on a sequence of logical decisions plus a good measure of creative inspiration. This brief guide offers a sequence of step-by-step decisions to form the basis of a lighting process for the smaller scale production.

The Stage Lighting Guide
Job description. Theatre lighting technicians employ high-level skills to prepare, rig, operate and maintain stage lighting systems and electrical effects. They produce the lighting effects seen in live theatre productions and their work can range from operating strobes, lasers and pyrotechnics to providing basic spotlighting depending on the production.
