Stendhal On Love

The first part of On Love is an analysis of love, in which Stendhal lists four kinds of love: physical love, purely sexual in scope; love as a social game, removed from passion; vanity love, a type necessary for high social standing; and passion, the finest form of love, which the author idealized and to which he devotes most of his attention. Stendhal also outlines seven progressive stages of love, from admiration to "crystallization," or the process by which the lover attributes all ...

On Love | work by Stendhal | Britannica

In 1822, French writer Marie-Henri Beyle, better-known by his pseudonym Stendhal, penned On Love (public library) — a timeless treatise attempting to rationally analyze the highest human emotion, rediscovered through a passing mention in the diaries of Susan Sontag (who famously and perhaps ironically wrote, "Nothing is mysterious, no human relation. Except love.")
