Detail portrait —telling the story with small details. Like with the half portrait technique, in the detail framing we use the brain ’ s ability to fill in the gaps, by showing only a small fraction of the entire story. For a good detail shot, choose some with a connection to your subject. It can be a connection of similarity or difference.

**How to Tell a Story with Portraits by Using Creative**

The significance of the portrait you take today may not reveal itself for years and the portraits we really care about get better with time. Everyone ’ s face tells a story. Sometimes a photographer ’ s goal is to make a person look better than they look in real life, but for documentary photographers, the goal is more often to find some truth ...

Storytelling One day Stanton was not feeling well and had nothing to post on his blog. So he pulled out a photo of a woman he refers to as the “ green lady. ” He remembered her saying, “ I used to be a different color every single day. One day I chose green and that was a great day so I ’ ve been green for 15 years. ”
