IFC's Structured Trade and Commodity Finance initiative (STCF) is a collaborative solution to maintain and extend the availability of financing for the trade of critical commodities in emerging markets. STCF is a flexible instrument allowing IFC to engage in the most challenging markets with systemic financing gaps in cooperation with private sector banking partners.

## Structured Trade Commodity Finance

Structured commodity finance (SCF) as covered by Trade Finance is split into three main commodity groups: metals & mining, energy, and soft commodities (agricultural crops). SCF is a financing technique utilised by a number of different companies, primarily producers, trading houses and lenders. Commodity producers stand to benefit from SCF by receiving financing to ensure cash flow is available for maximum output with the intention of repaying the loan once exports begin.
