Synchronicity Meaningful

Synchronicity (German: Synchronizität) is a concept, first introduced by analytical psychologist Carl Jung, which holds that events are "meaningful coincidences" if they occur with no causal relationship yet seem to be meaningfully related.. During his career, Jung furnished several different definitions of the term, defining

Coincidence or Chance
Synchronicity is an unlikely or impossible coincidence that cannot be explained by luck or chance. It is also a prophecy, a predictor of the future. When you are in sync with the “ thing ” that you want, you are much more likely to meet that “ thing. ” That is why similar people always seem to meet; they are tuned to the
