Release Notes for DS209+II | Synology Inc.

Synology's DiskStation DS209+II network-attached storage (NAS) device provides up to 4TB of storage over two hard drives. The lack of hot-swapping and volume encryption features are disappointing, but fast file transfers and easy-to-use media streaming make this an appealing option for the home. The DiskStation DS209+II, unassembled.
