Predicts, alerts and actively manages high value energy hours. Tangent AMP™ is a Distributed Energy Resource Management System (DERMS) that monitors energy signals from the grid, the environment and your facility. Proprietary algorithms interpret these signals to predict economic opportunities. When these occur, Tangent AMP™ alerts customers and in conjunction with Demand Design™ actively manages pre-determined customer responses to maximize economics and minimize disruption.

Tangent might not be a household name… yet, but it's making a bid for that status with its wide range of likeable audio products. The AMP-200 might not be perfect, but it does show much of that likeability, at least where sound is concerned. Put on Jack Johnson's Sleep Through the Static album, and the smooth grooves flow with real fluidity. It's the well-defined and refined midrange that's most responsible for this.
