**Kaplan Teaching Little Fingers To Play**

The melodies are written with careful thought and are kept as simple as possible, yet they are refreshingly delightful. All the music lies within the grasp of the child's small hands. A best-seller around the world! Teacher accompaniments are available in a separate book - Teaching Little Fingers to Play Ensemble (412228).

### **Teaching Little Fingers To Play:**

**Amazon.co.uk: Willis ...**

For young students, this book's predecessor, Teaching Little Fingers to Play, is the ideal starting book for young students. There is no other book that I have found that could be any better than Teaching Little Fingers to Play More. It is an easy transition for the young student - and possibly adults who also want to learn to play piano.

### **Teaching Little Fingers to Play More:**

**Amazon.co.uk: Kaplan ...**

Too difficult too quickly. This book isn't for the brand new pianist. It doesn't pair well with "Teaching Little Fingers to Play". Perhaps during John Thomson's Grade 1 book instead, this book would be appropriate. The songs, however, aren't too bad. It's nice to have the secondo parts for the teacher as well.
