The Technical Standards offer guidance that supplements the guidance to be found in the Approved Documents (AD) to the Building Regulations. They may contain additional or more stringent Recommendations which experience has shown to be advisable to ensure that the premises remain safe. The Technical Standards are primarily intended to apply to indoor venues.

Technical standards for places of entertainment ...

Technical Standards for Places of Entertainment I'm curious to know the status of this publication; when presenting a BS9999 solution to a Council Licensing Officer, he's referred to the above standard as being more onerous e.g. all escape routes must be protected. Ultimately the Council may agree to the BS9999 solution, but I wonder how much weight should be given to this standard in future ...
