On this whistle-stop tour of Roman York, Adam Parker gives us a tale of two cities. One is the military fortress, which was established in AD 70 or 71 and would shape the growth of the city long after the Romans left. Then there was the colonia, the civilian settlement that developed on the other side

Hippos, meaning "horse" is an ancient Greco-Roman city in the foothills beneath the Sussita Mountain, located near the present-day Kibbutz Ein Gev in the Northern District of Israel. Although there is evidence of earlier settlement in situ, Hippos was established during the mid-3rd century AD as a colony, after the Seleucids sized control of territories previously controlled by the Ptolemies.
