What is interaction design? Interaction design is about facilitating interactions between users and products (most often, those products are apps or websites). According to the Interaction Design Foundation, " the goal of interaction design is to create products that enable the user to achieve their objective(s) in the best way possible. " In other words, interaction designers are responsible for creating every element on a screen that a user might interact with, whether through clicking ...

10 Amazing Interaction Design Examples

Interaction Design (IXD) is the design of interactive products and services in which a designer ' s focus goes beyond the item in development to include the way users will interact with it. Thus, close scrutiny of users ' needs, limitations and contexts, etc. empowers designers to customize output to suit precise demands.

Interaction Design - Glasgow School of Art

Interaction design can be understood in simple (but not simplified) terms: it is the design of the interaction between users and products. Most often when people talk about interaction design, the products tend to be software products like apps or websites. The goal of interaction design is to create products that enable the user to achieve their objective (s) in the best way possible.

The Bachelor Interactive/Media/Design of the Royal Academy of Art, The Hague (KABK) has responded to this situation by providing education for a new breed of design professionals, who can understand these complex changes, who call into question accepted norms, who analyse critically and creatively, and who can produce new kinds of interactive design solutions to meet the challenges of today and the future.

Bachelor Interactive/Media/Design... | Royal Academy of Art ...

Interactive art is a form of art that involves the spectator in a way that allows the art to achieve its purpose. Some interactive art installations achieve this by letting the observer or visitor "walk" in, on, and around them; some others ask the artist or the spectators to become part of the artwork.
