M.D. Ireman and 2 other people liked Billy Oliver's review of The Axe and the Throne (Bounds of Redemption, #1): "Best book I've read in a long time If you're a fan of Martin you'll definitely enjoy this book. Like in song of ice and fire there are quite a few characters to follow and none are black and white in terms of character.

The Axe and the Throne One of the best reads I've found in a long time. I can't wait for the next book!

Blending the best of both complicated and reasonably (if not fast) paced fantasy, M. D. Ireman's *The Axe and the Throne* is an absolute killer that everyone needs in their collection. It is the start of Ireman's first series, *Bounds of Redemption*, which has the potential to move even higher on the list if future books continue to impress.

“The Axe and the Throne” was well worth the price of admission regardless of whether the series sees itself to completion.

Although I was pleasantly satisfied with its conclusion, I would gladly enjoy another romp into its harshly terrifying yet beautiful world. Read more.
