The Beijing Consensus: Legitimizing Authoritarianism in ...
Stefan Halper ' s work The Beijing Consensus offers a somewhat ominous world future and the US position in it. The title of his book, a play on the term “ Washington Consensus ” coined in the late 80s and early 90s refers to how the west, specifically the United States, represented by Washington is losing ground in the Third World community and how Beijing (China) is picking up the slack and ...

The Beijing consensus : legitimizing authoritarianism in ...

Beijing presents a clear and gathering threat to Washington, but not for the reasons you think. China's challenge to the West stems from its transformative brand of capitalism and an entirely different conception of the international community. In The Beijing Consensus , a leading expert in international relations presents a coherent integration of the many sides of U.S.-China relations.
