This book tells the true story of the first murder ever to be solved using DNA, with the odd twist and turn along the way. The scientist that discovered how to extract a DNA profile is British, and the crimes are committed in traditional English villages, but this book is written by acclaimed American writer Joseph Wambaugh - and it's none the worse for that.

The Blooding

One of Wambaugh's true crime books, although his non-fiction is as easy to read as his fiction. This one has some characters that are almost worthy of being included among Wambaugh's fictional roster. The book briefly traces the development of DNA, and covers the first use of DNA to conclusively solve a case.
