Polliwog by Jack Kent is an adorably told story of a caterpillar and polliwog who create a friendship after bonding over a common factor. Both a caterpillar and polliwog transform into different animals when they reach a certain age. A caterpillar turns into a butterfly, and a polliwog into a frog.

the caterpillar started to spin a cocoon. "This is the tricky part," she said. The polliwog watched as the caterpillar spun. Soon only her head was uncovered. "Now I have to close the lid," she said. "And when I come out, I'll be a butterfly." "Go ahead!" the polliwog said excitedly. "I want to see you do it!" "It will take a while," the caterpillar warned.

the Polliwog~~

The caterpillar is bummed that she is not the only creature that will change. And the polliwog assumes that he will change into a butterfly since he is making a change also. A good story to talk about frogs and caterpillars in the spring and how they change. Program worthy I think though more for like a pre-k group rather than elementary school.
