The Curvy Side of Life is my third Suzie Carr novel. I think I like reading her in small doses. Her writing does not charm the pants off of me but she does produce solid work. Like this one. It's a long slow slog to get Faith Miller to the point where she can let go of the past and be her own woman. For most of the book she is stuck in said past and worries way too much about her young daughter (who refuses to talk to people).

The Curvy Side is a good lesbic romance. Faith's extended family were the source of a lot of laughs. Faith was very frustrating at times, because she was so negative and made things much harder than they needed to be.

The Curvy Side of Life

The Curvy Side of life is a fun read. I wanted to be there, by the lake, eating tamales, getting stinking drunk with fruity sangrias and dancing the rhumba with yoga goddess and the rest of those entertaining family members. Suzie Carr sings and dances through another uplifting romance novel. Stephanie Murphy is a superb narrator.
