Something is wrong with our banking system. We all sense that, but Mervyn King knows it firsthand; his ten years at the helm of the Bank of England, including at the height of the financial crisis, revealed profound truths about the mechanisms of our capitalist society. In *The End of Alchemy* he offers us an essential work about the history and future of money and banking, the keys to modern finance.

The End of AlchemyThe Industrial Revolution built the foundation of our modern capitalist age. Yet the flowering of technological innovations during that dynamic period relied on the widespread adoption of two much older ideas: the creation of paper money and the invention of banks that issued credit.

The End of Alchemy demands debate and a well-reasoned response -- Paul A. Volcker Mervyn King asks, "Why has almost every industrialised country found it difficult to overcome the stagnation that followed the financial crisis in 2007-2008, and why did money and banking, the alchemists of a market economy, turn into its Achilles heel?"
