'In this era of intransigence and intolerance, The Ethics of Influence is a vitally needed book. It embraces what all of us - left, right, and center - mutually want: a balance between the goals of welfare, autonomy, dignity, and self-government. What's more, it is a hoot to read. Roll over Mill and Marx; tell Hayek and Gramsci the news.'

The Ethics of Influence: Government in the Age of Behavioral Science – Cass R. Sunstein (2016) In recent years, ‘Nudge Units’ or ‘Behavioral Insights Teams’ have been created in the United States, the United Kingdom, Germany, and other nations. All over the world, public officials are using the behavioral sciences to protect the environment, promote employment and economic growth, reduce poverty, and increase national security.
