The Fort. THE FORT is about the Penobscot Expedition of 1779. A small British garrison had been established in what is now Maine (and was then part of Massachusetts), and the rebel government in Boston was determined to expel that garrison. Seven hundred British redcoats were in an unfinished fort, Fort George, and the harbour beneath the fort was protected by three sloops-of-war.

Another good historical novel by Bernard Cornwell. The Fort tells the story of a small battle fought during the American Revolutionary War in Majabigwaduce, Massachusetts (now Castine, Maine) in 1779. Of course, as Cornwell is British author, he chose to write about a British victory that had no real effect on the outcome of the war.
