**The Government of Risk: Understanding Risk Regulation**     
Risk regulation regimes are viewed as systems with interacting parts, such as the relationship between policy makers and people at the frontline (Hood et al., 2001).

**The Government of Risk: Understanding Risk Regulation**     
With The Government of Risk: Understanding Risk Regulation Regimes, Professors Christopher Hood (University of Oxford), Rothstein (King's College London) and Robert Baldwin (London School of Economics) were among the first regulatory scholars to systematically explore the evolution and growth of risk regulation since the 1990s. They seek to understand why there is so much variety in how risks are regulated across and within policy domains.
