Jaspre's research into these inventions is the culmination of a life long fascination with the works of Leonardo da Vinci. Jaspre Bark is a novelist, children's author and graphic novel writer. His work has been translated into five different languages and his educational books are used in schools throughout the United Kingdom to improve literacy among 12 to 16 year olds.

~~Journal of Inventions: Leonardo Da Vinci: Amazon.co.uk ...~~

Artists and craftsmen in Leonardo's time knew how to build and repair the familiar kinds of machines. The idea of inventing new kinds of machines, however, would not have occurred to them. Leonardo developed a unique new attitude about machines. He reasoned that by understanding how each separate machine part worked, he could modify them and combine them in different ways to improve existing machines or create inventions no one had ever seen before.
