Terry Pratchett - The Colour of Magic/The Light Fantastic (Review)**Series Squared - The Light Fantastic** *The Colour of Magic* & *The Light Fantastic* (book reviews) **The Light Fantastic Discworld 2**

The Light Fantastic is the second book on the Discworld series and the sequel to The Colour of Magic. We meet up with Rincewind and Twoflower after they fell from the end of the world (remember: Discworld is literally a disc!) and follow the journey, through many adventures, back home.

Three years after Terry Pratchett published *The Color of Magic*, the first Discworld book, he published the second, *The Light Fantastic*, having decided convincingly that this was a worthwhile project. Though the action in *The Light Fantastic* takes over immediately following the events in the first book, Rincewind has fallen. Reading Sir Terry Pratchett's Discworld series makes me smile.

## **The Light Fantastic (Discworld, #2; Rincewind #2) - Goodreads**

As it moves towards a seemingly inevitable collision with a malevolent red star, the Discworld could do with a hero. What it doesn't need is a singularly inept and cowardly wizard, still recovering from the trauma of falling off the edge of the world, or a well-meaning tourist and his luggage which has a mind (and legs) of its own.
