The Little Cottage on the Hill is a beautifully Enchanting read. It had

Humour, passion, emotion, friendships, new beginnings. From the first few pages of reading this book I was captivated and knew it was going to be a special read. Maddie has given up her life in London to start a new venture.

The Cottage on the Hill books could be read as stand alone books but I would recommend reading them all, and in order, starting with Book 1 The Little Cottage on the Hill. Sometimes in a series there is a weak book but not in this instance, they are all as good as each other, they are books that you want to finish but don't want to end.
